

2020 Mid-West Pro Mod Series Media Regulations

The following regulations are set in place for those that are provided media credentials to photograph the Mid-West Pro Mod Series. These are not requests, they are expectations set forth by the Mid-West Pro Mod Series and to be adhered to at all times. Any content creators found to be in violation of these expected guidelines can expect to have further event credentials denied, and you may be asked to leave the event depending on the severity. Any content creator that refuses to agree to these requirements will not be allowed any access outside of that of a paying fan.

- All photos of the MWPMS will have the Summit Racing Equipment MWPMS Logo on them (the one above). This is a non-negotiable point. If you are creating content as a freelance photographer for another outlet such as Drag Illustrated, Dragzine, Competition Plus, E3xtreme, etc. please make them aware of this. It is your responsibility to let them know.
- Absolutely no flash photography once the car has made forward motion to stage the vehicle
- All content creators are to act in a professional manner while at a MWPMS event
- Do not leave any trash, included but not limited to: Food, Batteries, Soda, etc. trackside
- Avoid being in the way of any track personal and race car crews
- Track Personal will have final say about locations that content creators can stand
- Under no circumstances are you to lean over the wall and/or block the line of site of the creator behind you
- All content that you create is YOURS! MWPMS does not assume any ownership of your content, though as a working relationship, there may be a time that we request to use a photo with your permission of course.

Be Safe, Have Fun, and Enjoy the racing, and Thank You for being part of the MWPMS media family. Here is to a great 2020 season.
